

MPOB International Palm Oil Conference (PIPOC 2011) Palm Oil Tocotrienols: Breakthroughs in Medical Research

DavosLife receives MPOB fund to drive clinical trials on tocotrienol and prostate cancer

DavosLife Head of R&D, Dr Fong Chee Wai receives a grant from the MPOB during the International Palm Oil Conference (PIPOC) on November 16, 2011 in Malaysia. The grant will be used to drive the conduct of clinical trials investigating the safety and efficacy of tocotrienols in patients with prostate cancer.

The recipients of the RM20 million fund are Professor Bharat B. Aggarwal of Anderson Cancer Centre in the US, Professor Chandan Sen of Ohio State University in the US, Dr Fong Chee Wai of Davos Life Science, Professor Yip Cheng Har of Universiti Malaya Medical Centre, Professor Yuen Kah Hay of Universiti Sains Malaysia and Dr Tan May Loong of Penang Medical College.
